

**1** Go to [www.auburn.edu/password](http://www.auburn.edu/password)

**Welcome to MyAccount**  
 MyAccount allows you to update your AU computing password online, update security questions to reset your password anytime, activate a new account, and specify an alternate email address for MyAccount notifications.  
 For help using MyAccount, click the question mark at the top right corner of the page.

**Username:**

**Password:**

[Forgot Password?](#) | [Activate Account](#)

**2** Enter the current Auburn University username and password into the designated boxes and click **Log-in**

**3** Click on **Update Password**

**Welcome to MyAccount,** Here you can update your password, update your security questions (in case you forget your password), and update your account with an alternate email address to receive account notifications.

[Update Password](#)  
[Update Alternate Email Address](#)  
[Update Security Questions & Answers](#)  
[Request VPN Access Access Granted](#)

If you need assistance with any of these resources, please contact the OIT HelpDesk, 334-844-4944.

**4** Enter your new password into the boxes.

(You may use your current password length as long as it still meets the password length and character requirements)

**Create Password:**

**Confirm Password:**

**Cloud Storage Agreement**

Auburn University makes the *OneDrive for Business* service available to faculty and staff as an official means of storing approved classes of information. This service is provided as an extension of University services, and is subject to the policies governing the use of those services.

Auburn University faculty and staff should not use *OneDrive for Business* or any **personal cloud storage service** for storing or transferring legally regulated or sensitive information.

You may store work-related documents in OneDrive for Business if they **do not** belong to the category of legally protected or sensitive information, which includes:

- » Protected Health Information (e.g. medical records) (HIPAA).
- » Education Records/Student Records (FERPA).
- » Alumni and donor records.

I agree to the above terms of use

*Note: It may take up to 15 minutes for your password to be updated on all systems.*

Read and accept the **Cloud Storage Agreement**

Click **Update**

**REMINDER:** Your password will need to be updated immediately on all devices that have your password saved (e.g. phones, tablets, and laptops). Failure to do so may automatically lock your account. If this occurs, contact the **OIT Help Desk** at **(334) 844-4944**.
